COMMERCIAL INTELLIGENCE.

MONDAY EVENING, JAN. 19, 1880.

WITH the exception of a decline of 1s. per quarter in Bombay Linseed, and 6d. per quarter in Calcutta Rapeseed, Reuter's closing telegram of Saturday's date from London reports no movements which have not already been noticed.

Here, the feeling has been remarkably quiet to-day, and operations have been most limited.

The Bank of Bombay return for the week ending on Saturday shows the following changes :—

Public Deposits at H. O.	Inc.	Rs.	19,64,053
Do. Branches	Inc.	,,	20,972
Other Deposits	Inc.	,,	8,36,464
Government Securities	Inc.	,,	44,196
Loans	Inc.	,,	22,46,714
Bills Discounted	Inc.	,,	56,634
Cash with Correspondents	Inc.	,,	1,02,270
Cash and Currency Notes	Inc.	,,	3,30,385

Although the net result of these movements is to show a slight increase in the Cash Balance, trade requirements show an increase of 15 lacs, and the tendency, therefore, is to that extent in favour of dearer money. No practical effect on the general market can yet be expected, however, as the supply of funds is still equal to any probable demand for some weeks to come.

EXCHANGE.—The market opened firm and with like advices from Calcutta, an advance of 1-32d. has been established all round. A fair amount of paper is said to have been negotiated at this level, but the general feeling is certainly not in favour of a further advance, and we must see considerably more doing in exports here before this idea is altered. We quote :—

Bank Bills, on demand	Rs. 8 5-32 to 3-16d. per Rs.			
Do. 3 months' sight	Rs. 8 5-16d.			
Credits 3	,,	,,	...	Rs. 8 7-16d. ,,
Documents 3	,,	,,	...	Rs. 8¼d. ,,
Francs 3	,,	,,	...	215 ,,

On Calcutta we still quote demand drafts 1-16 per cent. premium, 60 days' sight ½ per cent. discount.

GOVERNMENT PAPER continues very quiet, and rates are, if anything, the turn easier at :—Fours, Rs. 92½ ; Fours-and-a-half, Rs. 101¼.

The SHARE Market has been very firm, and prices generally have an upward tendency. For Bank of Bombays the quotation is unaltered at Rs. 695. Colaba Land shares are Rs. 5 higher. Berar Press are Rs. 7½ lower. In Spinning and Weaving shares a general advance of Rs. 5 to Rs. 15 per share must be quoted, owing to Cotton showing an easier tendency, while there is no diminution in the demand for local Goods and Yarns.

COTTON to-day has been very quiet. Buyers, as a rule, hold off for a decline of Rs. 2 per candy, which sellers in most cases have been unwilling to concede, and actual transactions have consequently been very limited. We quote :—

Good Oomra, January delivery	Rs.	242	per candy.		
,, February	,,	237	,,		
,, March	,,	233	,,		
Good Broach ,,	,,	249	,,		
,, Dholleras, April	,,	231	,,		

SEEDS are dull with a limited demand and there is no quotable change in prices.

FREIGHTS by steam for Liverpool are slightly steadier for early shipment, as it is apparent that the tonnage to load this month will be comparatively moderate. For ready shipment we still quote 35s., and for February 32s. 6d. per ton. For Marseilles and Genoa 40s. is still the quotation, and for Trieste and Venice, the S. S. Scio has been fixed at 45s. per ton, payable here, for immediate loading.

PIECE GOODS in the Bazaar have been a trifle quieter to-day, but a fair business has, nevertheless, been done at fully previous rates. There is no decrease in the up-country demand, but the enhanced rates asked by dealers prevents the extent of business going through which otherwise would.

COALS are still very firm. No fresh business is reported to arrive, sellers being quite out of the market.

(FROM THE PRESS COMMISSIONER.)

OCCUPATION AND DESTRUCTION OF REINA BY OUR TROOPS.

CALCUTTA, JAN. 19.

On the 17th instant five hundred men under Colonel Boisragon successfully crossed the Kabul river by rafts at Kam Dakka and occupied Reina.

A reconnaissance four miles down the river showed that the road to Polosi was level and the country quite deserted; no enemy could be seen.

On the morning of the 18th Reina was burnt and the force recrossed to Kam Dakka. Another small party rode straight to Lalpura. Not a shot was fired on the 17th or 18th. The enemy's loss on the 15th cannot be less than about sixty killed and as many wounded.

(FROM OUR OWN CORRESPONDENT.)

FIGHT AT GARA.

CAPTURE OF A NOTORIOUS HIGHWAY ROBBER.

ALLAHABAD, JAN. 19.

JALLALABAD, Jan. 15.—A convoy of sick and wounded is detained here till the result of the affair of the Mohmunds is known.

JALLALABAD, Jan. 16.—Information received from Dakka states that the enemy occupied a strong position on the Gara height to the east of Dakka. They were attacked on the morning of the 10th by Colonel Boisragon with the following forces:—500 infantry, four guns, sixty Carabineers, and fifty men of the 17th Cavalry. The guns made effective practice, flanking the enemy's position. The 8th and 30th Native Infantry swarmed up the position, which was very strong. The enemy abandoned it, retiring in dense masses towards Kam Dakka, then down the bank on either side towards Polosi, where they crossed over. Colonel Doran's force arrived too late to co-operate, owing to the difficult ground. Colonels Boisragon's and Doran's forces joined at Kam Dakka and passed the night there. The casualties on our side were one jemadar killed and seven natives wounded.

Colonel Doran intends crossing the river and burning Polosi and other villages. Rafts are being sent him for the purpose. The column sent from Peshawur has also been engaged.

No particulars have been received from Kandahar since the 17th.

A Ghazi has been killed this morning in attempting to stab an engineer sergeant. A sapper split his skull by a pickaxe.

A Mahomedan notorious highway robber, who has been a terror in Southern Afghanistan for the last ten years, has been captured by the City Kotwal with his two wives and three followers, after a desperate resistance, in which he was severely wounded. He had taken up his quarters near the Quetta road, probably intending to attack the convoy. He is reputed to have committed over one hundred murders. He and his men have been executed to-day.

THE PROJECTED RAILWAY TO JALLALABAD.

PESHAWUR, JAN. 17.

The projected railway to Jallalabad is cancelled. The line only goes to Jamrud. The staff sent is working on the Kohat line.

MR. JUSTICE BAYLEY yesterday confirmed the sale by private contract (made by the official liquidators) of the Colaba Spinning and Weaving Mills to Mr. Nusserwanjee Manockjee Petit for Rs. 5,15,000. At a previous hearing of the matter, an application was made to the court to withhold sanction to the liquidators' proceedings on the ground that there had been a miscarriage at the sale, and that Mr. John Gordon was willing to purchase the mills for Rs. 5,26,000, being an advance of Rs. 11,000 on the price offered by Mr. Petit. Mr. Gordon had offered to make a deposit in court of Rs. 50,000; but a question was raised as to his ability to pay the balance of the purchase money, and the learned judge thereupon directed that Mr. Gordon should make a clear affidavit upon the point. Yesterday Mr. Starling, for Mr. Gordon, informed the court that, although his client was ready to make a deposit of Rs. 50,000 as earnest money and to pay the balance of the purchase money within a fortnight, he was not in a position to make an affidavit disclosing the sources from which the money was to come; and that therefore no further affidavit had been filed. This was not satisfactory to his Lordship, who thereupon confirmed the sale to Mr. Petit. No order was made as to the costs of the parties.

HIS EXCELLENCY the Commander-in-Chief, with Colonel Cox, Military Secretary, and Captain Spencer, Aide-de-Camp, returned to Bombay yesterday morning by the G. I. P. Railway from his tour of inspection. A salute of fifteen guns was fired from the land battery on the occasion.

THE Sir Desai of Sawunt Waree, with his wife Tarrabai, daughter of Her Highness Jumnabai of Baroda, accompanied by Colonel Westropp, Political Agent, and attended by a number of followers, arrived by a special train from Baroda at the Grant Road station of the B. B. and C. I. Railway yesterday. The Desai will leave Bombay in a few days for his own territory. A salute of nine guns were fired from the land battery on the occasion of his arrival.

THE Nursey Spinning and Weaving Mill was sold by the official liquidators some months ago; but the Nemesis which has blighted the prospects of share speculators years ago might still seem to be pursuing all who ever had anything to do in the matter, and thus even the creditors of the unfortunate mill companies have not had a pie of their money returned to them yet. They will therefore be glad to learn that the official liquidators of the Nursey Mills are at any rate anxious to expedite the liquidation, and that the payment of a first dividend may shortly be expected to be made. With that view the creditors of the mills were required to appear yesterday before Mr. Justice Bayley at the High Court chambers to show cause, if any, why the lists of claims, as prepared by the liquidators, should not be sanctioned by the court. There were items of 1,511 claims which the liquidators had admitted, and there were 26 claims which they required should be proved in court. Among the latter was a claim of Mr. Kessowjee Naik for three lakhs of rupees, also claims by Mr. Cursetjee Nusserwanjee Cama, Ghellabhoy Pudumsey, and the trustees of Mr. Kessowjee Naik's trust estate. The discussion of these four important claims was, for the convenience of counsel, postponed until Monday next. Mr. Latham, for the official liquidators, stated almost confidently that the decision on these claims will depend upon a recent decision of the Court of Chancery, and will not take long to dispose of. An additional claim of Rs. 2,736 sent in by Mr. Jamsetjee Merwanjee, coal merchant, was allowed; and his total claim was admitted at Rs. 6,360. A claim made by Sir Charles Forbes and Co. was admitted at Rs. 1,512 for machinery supplied to the mills. Four claims made by parties, who did not appear to support them, were disallowed. There are other claims, the disposal of which will turn, on the decision of the Appeal Court, in the proceedings taken by the Bank of Bombay against the New Fleming Spinning and Weaving Company. Mr. Justice Bayley intimated that judgment in that matter will be given probably next week.

MR. JUSTICE KEMBALL delivered judgment at the High Court on Saturday last, in a case which his Lordship designated to be an "extraordinary case." It was a suit brought by the London, Bombay, and Mediterranean Bank to set aside a compromise of June, 1869, under which a claim of the Bank for calls upon Mooljee Canjee, amounting to Rs. 16,000, was settled for Rs. 4,000; and to have the proceedings taken by him under Act 28 of 1865 revoked. The story told by Mooljee Canjee in the witness-box was one in which he admitted that he had perjured himself in previous proceedings in the court, and that he had been one of the principal actors in a very gross fraud. He confessed that, when he got into difficulties after dabbling in shares, several persons, including his own uncle, devised a scheme to get him "whitewashed" under Act 28 of 1865,—a temporary Act under which insolvents, whose debts were not less than five lakhs of rupees, were discharged by the simple process of holding a meeting of their creditors and appointing trustees, who, in most cases, happened to be the friends of the insolvents. These trustees had almost unlimited powers conferred upon them by the Act, which were exercised in many cases for the benefit of the insolvents. Now, Mooljee Canjee alleged that, in furtherance of the abovementioned scheme, a set of accounts-books were forged, in which the names of a number of fictitious creditors were entered in order to swell his debts to the regulation amount of five lakhs of rupees; and that fictitious conveyances were executed of four landed properties of considerable value belonging to him. Some of those properties were conveyed to one Nanjee Morarjee, since deceased, and his executors were made co-defendants in the present suit, with a view to get those conveyances set aside. The properties having been conveyed away, proceedings were gone on with under Act 28; trustees were appointed; and among other acts done by them was the compromise of the London Bank's claim of Rs. 16,000 for Rs. 4,000, on the ground that the insolvent's estate could not pay more. So matters remained until June, 1877, when Mr. Stead, the Bombay agent of the liquidator of the London Bank, heard of the frauds alleged to have been committed and filed the present suit. If there were any truth in Mooljee Canjee's statement, his Lordship considered he was possessed of ample means to discharge the Bank's claim; and that there was no necessity for this suit, the primary purpose of which was to quash the whole of the ancient proceedings taken under Act 28. It was sufficient, in his Lordship's opinion, to state this to show that the Bank could not possibly succeed in this suit. If it was the Bank's wish to get those proceedings reversed, they could not effect that object by a side wind of this kind, behind the backs of the persons at whose instance the winding up order under the Act was made. The proper course for the Bank, his Lordship apprehended, was to file a bill of review. In conclusion, his Lordship remarked there was no occasion—and his Lordship did not therefore intend—to express any opinion as to the value of Mooljee Canjee's evidence; but his Lordship thought it right to observe that it seemed to him extremely unfair to the persons whose names had been mentioned by Mooljee Canjee, that they should thus mark grave imputations made upon them without an opportunity being afforded them of being heard. The suit was dismissed with costs.

A CORRESPONDENT writes to us pointing out that there are but fifteen Mahomedan names on the list of Justices of the Peace for Bombay. Seeing that the Mussulman population is so large, he thinks that the proportion is inadequate, and he gives a list of gentlemen who are, in his opinion, worthy of the honour. We do not publish the list as it would be invidious to specify some Mahomedans by name while passing over others. But no doubt the local Government will see that in the distribution of honours of all kinds the Mahomedan community is not overlooked.

THE *Englishman* states that the Railway Conference has dissolved. Mr. Mathew, of the Bombay, Baroda, and Central India Railway, and the Agent of the Great Indian Peninsula Railway, have already left Calcutta, and the other members are leaving. The result of the Conference has not yet transpired.

MR. G. W. ALLEN, the late proprietor of the *Pioneer*, will, the *Indian Herald* learns on good authority, stand as Liberal candidate for South Essex.

THE Lahore paper hears that the detachment under the command of the late Captain Hare, 22nd Native Infantry, found itself without food or covering for twenty-four hours, and that this officer's death was due to the mismanagement which had that result.

CAPTAIN H. S. F. HAYNES, R.E., at present employed in the office of the Examiner of Guaranteed Railway Accounts, will, it is said, officiate as Deputy Consulting Engineer for Guaranteed Railways at Lucknow during the absence on leave of Lieutenant F. T. Maxwell.

THE excavations for the foundations of the new offices to be built on the south side of Fairlie Place, Calcutta, have discovered some remains of the old fort of Calcutta, which should prove of interest to antiquarians. Almost the whole of one bastion has been uncovered, and agrees with an old plan of the fort published many years ago. The workmanship of the walls shows that in the matter of cement manufacture there has been no progress in modern times, for though the shell lime used has not been half-burnt, it is so tenacious that steel wedges have to be used to break up the walls. Correct plans of these interesting remains are being taken before work of destruction is carried out. For many years there are marks of fire and wood ashes, relics of some large fire that had at one time occurred in this fort. It is to be hoped that, besides the plans, some antiquarian, like Mr. H. J. Rainey, may be able to see the ruins, and give a full description of them as of their past history.

THE *Englishman* publishes a curious correspondence between the Calcutta Trades Association and the Director General of Post Offices. The Association urge the reduction of the fee for registering a letter from four to two annas, and one of the arguments they put forward for the change is that it would in all probability largely benefit the revenue. The Director General, in his reply, states that a reduction in the rates of postage is under the consideration of Government, but that, in the existing state of the finances, he is of opinion that he would not be justified in recommending the reduction proposed by the committee. Whether he dissents from the view of the Association that the reduction would lead to an increase of revenue, or whether he considers that the present state of the finances make such an increase undesirable, does not appear. In the former case, it might fairly have been expected that he would have given some reasons for his want of faith. The Calcutta paper entertains no doubt whatever that the result would be what the Association predict.

OUR old friend the sea serpent has once more turned up, this time in the Bay of Bengal, where the captain of a ship lately arrived at Rangoon reports having seen it. But the captain is a prudent man, and declines to furnish any particulars, as he says that, if he did so, he would be bothered for information from all quarters.

THE *Indian Railway Service Gazette* has introduced a new feature in Indian journalism, in the shape of a "Ladies' Supplement," consisting of a neatly lithographed plate of recent fashions in ladies' and children's dresses. A similar plate is to be issued monthly, and we should not be surprised if the fair sex, by giving this innovation their practical support, were shortly to become entitled to the fortnightly fashion plate, which the proprietors promise as the reward of an increased subscription list.

IN the new report on forest administration in the Central Provinces occurs a very significant testimony to the good effects of tree cultivation on water supply. For some time past the Baujar forest has been under careful protection, and the apparent result has been an improvement in surface drainage, manifesting itself in an "unusually steady flow of water in the Gungur river." In place of this "steady flow" in denuded localities throughout India, we find drought for most part of the year, and destructive torrents, and inundations, during the remaining portion of it. The case of the Baujar forest, however, is exceptional; and it only shows how mighty a change may gradually be effected in the agricultural resources of a country, by an enlightened system of forestry, conducted by energetic officers.

AN up-country correspondent writes:—Economy on the part of the Government is unquestionably very desirable; but, had some of its departments never been permitted to overgrow themselves as they have done, much suffering might have been saved on the time coming for their reduction. So numerous have been the recent dismissals in the gun carriage and small arms departments at Kirkee, that very great distress has been occasioned, and to all appearance without much prospect of relief.

A CORRESPONDENT in the Punjab writes to the Calcutta papers:—"An order has been issued for a levy of 25 men from all the kothis of Kulu, Rupi, and Scoraj to bring down the beams for the Simla Road Bridge. Our local engineer and (in the literal and primary sense of the word) Pontifex is going to rebuild it, so that it shall be a precious possession for ever, whilst the two towers of the luckless suspension bridge look vacantly at each other across the river: helpless as Pope and Pagon, in the Pilgrim's Progress. It is, however, proposed to utilise these two towers as pedestals: the one on the further side of the river to support an allegorical group of the three engineers who have been in charge of the bridge works, posed as Faith, Hope, and Charity in the best plaster-of-Paris; and on the Kulu side tower, a colossal statue of the donor of the £6,000 or so that they laid out on the bridge, shaking his stick and wishing that he could only get at them."

SAYS the *Bombay Review*—As a rule police mal-administration may be left for discussion and exposure by the Press and public of the locality suffering therefrom. But the shortcomings of the Calcutta police have now become almost a national scandal, and we need scarcely apologise, therefore, for adverting to the subject. One night in Christmas week a fire was allowed to rage in a certain quarter of the city for an hour and a half, and though the fire-engines were ready, somehow or other they did not proceed on their urgent duty till material injury had been caused by the fire. Then there was the infuriated Manilla man who rushes into a lane, notorious for the disorderly character of its inmates, and stabs three persons dead, one after another, rushes away unchecked for quarter of a mile further, and, in spite of the cries raised by the affrighted people, kills a fourth victim, and manages after all to make his escape. The man still remained at large up to date. Then, again, in the case of the recent instance of the Viceroy being shot at in the open street and broad daylight. It is almost incredible to be told that the police did not even hear the reports of the pistol. It is certainly inexcusable on the part of the police to be ignorant of the stoppage of the Viceregal carriage and Sir George Colley and Captain Rose having themselves to arrest the would-be assassin. When the Viceroy is subjected to so much annoyance and wholly preventible danger in his capital, what can ordinary citizens of Calcutta expect from the police? The department absorbs no mean share of the public revenues every year, and the least the citizens can expect is that it shall be at least tolerably efficient.

STRENUOUS efforts are being made to complete the long-talked-of cathedral at Lahore. The Bishop has promised to raise Rs. 20,000 and Mr. Baden Powell Rs. 10,000, and the Maharaja of Kashmir has contributed timber to the value of Rs. 10,000. The Archdeacon of Lahore has appealed to all churchmen in India, and asks every one whom his appeal reaches to contribute a five rupee note.

THE *Indian Spectator*, a little Bombay weekly, has changed hands and is going to turn over a new leaf. The new editor says of the paper:—"Its chief aim, speaking politically, will be to check the growing misunderstanding between rulers and ruled, which is only too apt to keep both classes in a state of high tension; to acknowledge the benefits of a settled and enlightened rule; and, if need be, to submit advice, to offer suggestion—in a word, to help, not to obstruct the cause of good government. The strength of the paper will be mainly directed to the discussion of subjects tending to promote the moral, social, and intellectual welfare of the people."

IT is expected that the Rajputana State Railway will be opened for traffic from Palanpur to Mount Abu some time in March next.

"AN English Judge" writes to a Calcutta paper:—"In to-day's telegrams I read with indignation the following announcement:—'The Afghans proved to have shared in the late rising will be executed as rebels *de facto* against the Government of the country, being warned by the proclamation of October 1st at Kabul.' In the name of civilisation, I appeal to Lord Lytton as the representative of the great English nation to redeem his pledge, and put an end to this murderous quibbling. Rebels! Constructive treason by proclamation to the *de facto* Government of a belligerent invader! Glyn and Maynard would have been ashamed of such a plea. The head of the Government describes them and properly, as enemies; the Provost Marshal in the field executes them as traitors. Lord Lytton is eloquent on 'the crime of Kabul.' Let him beware lest history asks—which?"

No one ever thought that there was much mutual affection between England and Russia in the present day, but we hardly expected to read in one of the leading journals of the latter country, the *Gazette de St. Petersburg*, that "whatever be the issue of the Kabul reverse, it is only right to admit candidly that Russia would not be very grieved in the not improbable event of the column of General Roberts's meeting the same fate as the celebrated embassy of Major Cavagnari."

IN a criticism the reverse of flattering to General Lomakin, one of the Paris papers calls General Tchernayev, the Clive of Russian Turkistan. So far as military genius is concerned, there is something to be said for the comparison. Tchernayev is far and away the cleverest tactician and the most gallant soldier whom the Russo-Asiatic service has produced. His capture of Tashkend in 1865 is one of the most dashing feats of the century. Tashkend was well fortified—with about sixty guns; and its population of upwards of eighty thousand was determined to resist. Moreover, the Tashkendians were aided by the Bokhariots. Yet the Russian leader beat them, and stormed the city with a force of but quite three thousand men. Lomakin, on the other hand, with a force little more than half of Tchernayev's, has been thrashed by fifteen thousand Turkomans, and has lost eight hundred men in the process.

BY a curious coincidence the London *Times* of the 26th December, in giving an account of the railway suspension bridge now being constructed across the river Forth at Queensferry, remarks: "Vast as the undertaking seems, there is every reason to have confidence in its practicability. The engineer is Sir Thomas Bouch, C. E, whose greatest achievement hitherto, the Tay Bridge, has turned out a splendid success—a success recognised and endorsed in the honour of knighthood awarded to him since its completion." Two days after these remarks appeared in print, the Tay Bridge collapsed, with the fearful catastrophe which has already been made known by telegraph.

ARRIVAL OF THE D-2 ROYAL ARTILLERY.

THE Indian Government S. S. Dalhousie, 1,066 tons, Captain W. Powell, arrived in harbour yesterday from Kurrachee, towing the sailing ship Czarewitch, with D-2 Royal Artillery, consisting of 3 officers, 82 men, 13 women, 18 children, 120 followers, 13 bullocks and 3 guns. They are to land this morning and to be encamped at Colaba until the arrival of the remainder of the battery, consisting of 2 officers, 99 men, 142 horses, and 90 followers, per I.G. steamer Tenasserim, expected early to-morrow morning, when they will also be landed and sent to the camp at Colaba and will march to Ahmednuggur via Tanna and Kirkee. The families will be dispatched to Ahmednuggur by rail. The depôt of the 5th Regt. N. L. I., which arrived by the Czarewitch from Kurrachee, will be quartered at Bombay for a short time and sent by rail to Sholapore, where they are to remain for the present.

ROBBERY OF ORNAMENTS FROM CHILDREN.—Marcotee Bhowanee reported to the police that his son, aged five years, had been enticed away by two men from the Colaba bazaar on Sunday last to an empty house in the same locality. The men then took from of the boy's person two silver bangles and two silver anklets valued Rs. 12. The boy is unable to describe the persons and does not know to what caste they belong.—On the same day Doorgee, woman, residing at Mahim, reported to the police that two silver wristlets, valued Rs. 12, were stolen from the person of her son, a boy about eight years of age. The lad states that at two o'clock in the afternoon, while at the Byculla railway bridge, a Hindoo forced him away to Sewree and there took off the ornaments from his person. Police enquiries are being made in both cases.

CHRISTMAS AT THE GOVERNMENT CENTRAL PRESS.—During the hearing of claims upon the Nursey Spinning and Weaving Mills at the High Court yesterday, Mr. Latham, who appeared on behalf of the official liquidators, mentioned to Mr. Justice Bayley that, although his Lordship had directed three insertions of the notice of the hearing to be made in the *Government Gazette*, only one had appeared. It was owing to no fault of the solicitors to the liquidators, who had distinctly ordered three insertions of the notice; and the learned counsel asked, under the circumstances, that the single notice that had appeared was insufficient. On the Registrar's attention being drawn to the omission, that gentleman stated that such a thing had never before occurred, and that it was probably owing to the Christmas holidays. His Lordship took no further notice of the matter, treating the one insertion, apparently, as sufficient.

DR. A. G. FRAZER.—We are glad to learn that the leading vakeels of Poona have decided to do honour to Dr. A. G Frazer, the Railway Magistrate, who has recently retired from the service. Dr. Frazer will be invited to an entertainment shortly to be given at the residence of Mr. Baba Gokley, one of the leading pleaders of the Poona bar, when an address will also be read and presented to that gentleman. Dr. Frazer was a most popular magistrate, and was much liked and respected, and invariably took an active part and interest in the educational establishments and charities of Poona; and what is still more he is much esteemed, not only for his abilities and business-like habits, but for his gentlemanlike demeanour and thorough amiability of character. Dr. Fraser is expected to return to Poona in a few days.—*Deccan Herald.*

MAJOR T. TRUEMAN.—Last Saturday was the last day Major Trueman took his seat as Assistant Cantonment Magistrate in Poona. Although Major Trueman is transferred to Belgaum on promotion, he was not over anxious to leave Poona, and the vakeels and mooktyars felt that they were losing an upright magistrate and a true friend. The parting in this instance was most poignantly felt on both sides. Mr. Baba Gokley, the leading member of the Poona Bar, presented, addressed Major Trueman. He begged on behalf of the members of the Poona bar and three of the mooktyars practising in his court, to be allowed to express their gratitude to him for his courteous manners, the patient attention that he had paid to their cases, and for having invariably consulted their convenience, even to his own great inconvenience. Mr. Baba Gokley thanked Major Trueman for his behaviour towards the natives, who, he added, were treated just the same as Europeans. The concluding words of Mr. Baba Gokley's verbal address were—"We wish you all prosperity and success." Major Trueman replied in a very few words but very feelingly. He said that he was greatly obliged to all those members of the legal profession, with whom he had come in contact and that he was greatly satisfied with their conduct. He trusted his best endeavours when deciding a case to do justice to both parties. Major Trueman then bowed and retired.—*Id.*

THE ITALIAN MAIL STEAMER SUMATRA.

THE following is the list of passengers per Italian Mail steamer Sumatra, Captain E. Boselli, arrived yesterday morning from Genoa and Marseilles:—

From Marseilles.—Mr W S Rusk, Mr A A Cohen, Mr and Mr Cohen and one servant.
From Genoa.—Mr Williamson, Mrs Williamson, Miss Williamson and one lady and one gentleman, Major General Fitz, Mrs Fitz, Mr Ceresa di Bon Vallaret, and Mr Minagrett.
From Naples.—Five Cer Gentlemen and Mr Fillips Valpini.
From Suez.—Mr A St Mantin.
From Aden.—Mr T H Randell and 21 deck passengers.

ALLEGED CHARGES OF FRAUD.

THE LONDON, BOMBAY, AND MEDITERRANEAN BANK CO. MULJEE CANJEE AND OTHERS.

AT the High Court on Saturday afternoon last, Mr. Justice Kemball delivered the following judgment in the case:—

This is a suit brought by the London, Bombay, and Mediterranean Bank against one Muljee Canjee and the executors of one Nanjee Morarjee, to set aside a compromise of the 17th June, 1869, made between the plaintiffs' bank and Muljee Canjee, also for the amount by Muljee Canjee to the plaintiffs of Rs. 12,000 (being the balance of a call on two hundred shares) and to have the proceedings taken by Muljee Canjee under Act 28 of 1865 set aside. The facts out of which this suit has arisen are briefly these. Muljee Canjee, the centre figure in this extraordinary case, had dabbled, it appears, to a considerable extent in banking operations during what is commonly called the share mania, and when the crash came, he applied for the benefit of Act 28 of 1865. Proceedings were taken, trustees appointed, and amongst other acts done, the claim of the plaintiffs' bank, which amounted to Rs. 16,000, was compromised for Rs. 4,000. So matters remained, so far as the banks claim was concerned, till about the 16th June, 1879, when Mr. Stead, the agent of the liquidator of plaintiffs' bank, heard, as he deposes, of the matters set out in the plaint, which induced him to bring this suit. The first and chief witness called by the plaintiffs was Muljee himself, who, after much pretence and show of hesitation, proceeded calmly, and I may say eagerly, to state that he had perjured himself, and that he had been one of the principal actors in a very gross fraud. The story he told, put shortly, was this; that when he began to get into difficulties with his different speculations, several persons, including his own uncle, met together and laid a scheme by which he, Muljee, might procure a discharge under Act 28 of 1865. That in furtherance of that scheme, these persons forged a set of account books in which they entered the names of a number of fictitious creditors in order to make his debts, which were really of a very trivial character, appear to be in excess of five lakhs of rupees; and they also arranged for the execution of fictitious conveyances of four landed properties of considerable value belonging to him. Accordingly a meeting of creditors was held, resolutions were passed, and an application was made by the chairman of the meeting to the High Court for an order to wind up the estate. The Court confirmed the resolution and made the order, the properties abovementioned, however, having been previously conveyed away as proposed. The papers in connection with the proceedings under the Act have been put in, but it is very difficult to extract any information from them. One of the most important papers is missing, and Mr. Samuel Read, who was eventually appointed sole trustee, has been dead for the last two years. One thing, however, is clear, that the outstanding assets of the insolvent's estate were sold by Mr. Read for Rs. 2,000, nominally to Nanjee Morarjee, and a final account was made up in October, 1869, the amount realised being but just enough to pay the solicitors and the trustees' charges. The first question that naturally suggests itself is, where was the necessity for this suit; for all that the plaintiffs' bank are apparently concerned with, is the recovery of the money of which Muljee admits they were fraudulently deprived, and if there is any truth in Muljee's statement he is possessed of ample means to discharge the claim. But although the ostensible object of the suit is to get a decree for Rs. 12,000 against Muljee, its primary purpose is to rehabilitate Muljee himself by quashing the whole of the proceedings taken under Act 28 of 1865, and getting rid of the conveyances made by him to third persons; and it seems to me only necessary to set this forth to show that the plaintiffs cannot possibly succeed in this suit. It is not very clear, having regard to the circumstances related by Muljee as to the dealings with the four properties and the purchaser, for his benefit, of the outstanding assets from the trustees, what advantage the plaintiffs' bank could expect to derive by getting the proceedings under Act 28 of 1865 set aside; but be that as it may, it appears plain that, if they desire to procure any alteration in a reversal of those proceedings, their proper course is to make application for a rehearing or review of the court's order, and that they cannot effect that object by a side wind of this kind without any real defendants being before the court, and behind the backs of the persons at whose instance the winding up order was made. How they should proceed will be a matter for the plaintiff's bank to determine, but if, as I apprehend, the proceeding will have to be something in the nature of a bill of review, there is apparently ample material on which to base their application for permission to file such a bill. As to the relief prayed for in respect of the conveyances, the subject matter of the first four issues, it is obvious that it cannot be given in a suit to which the persons concerned in those conveyances have not been made parties, and upon an *ex parte* statement which may or may not be true. There are no doubt considerable complications, but the plaintiffs' bank could hardly, I apprehend, have expected to succeed on this point in a suit constituted as this is. Under the circumstances, there is no occasion, and I do not therefore intend, to express any opinion as to the value of such evidence as Muljee's, but I think it right to observe that it seems to me extremely unfair to the persons whose names have been taken by Muljee that they should have such grave imputations made upon them without an opportunity being afforded them of being heard. As I have before observed, there are no real defendants in this case. Muljee is palpably interested in the issue of the plaintiffs' suit, and as the case against Nanjee Morarjee is stated in the plaint, the only concern his executors could have was in the matter of costs. With regard to the remaining issues, it is sufficient to say that the question, whether the compromise and release were fraudulently obtained, depends on whether Muljee Canjee was or was not possessed of sufficient means to satisfy the claim of the plaintiffs' bank in full, and that again depends in the questions which I have just held cannot be determined in this suit. It follows, therefore, that the plaintiffs' bank cannot have a decree for the amount which they seek to recover. As to the costs, I see no reason why they should not as usual be borne by the unsuccessful party. I therefore throw out the whole of the plaintiffs' claim with costs.

BOMBAY PORT TRUST.

EXCERPTS from the Proceedings of a meeting of the Trustees of the Port of Bombay held on the 15th instant.

Read Government Resolution No. 25, dated 10th January approving of the form of tender for Debenture Loan. Government ask the Trustees to report on a suggestion made by the Accountant General that the Bank of Bombay be requested to undertake the payment of interest to the holders of "foreshore" securities. Government also enquire what arrangements it is proposed to make for the transaction of the business connected with the payment of interest on the Debenture loan now to be issued. Resolution.—The Secretary should explain to Government the method which the Trustees propose to adopt with regard to the payment of interest on the "foreshore" bonds and also on the debentures.

Read letter from G. A. Kittredge, Esq., dated 9th January, proposing that no dock dues be levied on cargo delivered from or received into ships in dock which passes from steamer to steamer and is not intended to be landed. Resolution.—Subject to the sanction of Government transhipment cargo passing by boat from vessel to vessel whether in or out of dock should be exempted from dock dues until 1st April, 1880.

Transhipment cargo landed on the quay will be charged the usual rate. Resolution.—Subject to the sanction of Government stores belonging to the G. I. P. and B. B. and C. I. Railway Companies may be distributed into boats in the dock without the payment of dock dues until 1st April. The Traffic Manager should report on the terms he can undertake to deliver at Wares Bunder the G. I. P. Railway Company's goods landed at Prince's Dock. Read letter from Messrs. Lang, Moir and Co., and Killick, Nixon and Co., dated 16th January, stating that the dock dues levied on wheat and seeds are greatly in excess of the cost of shipping by boats, and that unless some abatement is made in the dock rates they will be reluctantly compelled to ship as before. In the mind in resolution.—Subject to the sanction of Government dock dues on grain should be reduced from 14 annas to 10 annas per ton, and on seeds from Re. 1 to 12 annas.

Read application by Messrs. Sharp and Humphrey, dated 12th January, for a licence to carry on stevedore work in the Prince's Dock. Read also application from Mr. W. L. Sinclair, dated 13th January, for a similar licence. Resolution.—Sanctioned during the pleasure of the Trustees.

Read letter from the Traffic Manager, dated 22nd December, forwarding application by Framjee Hormusjee Metha for a lease for 50 years of 90 5-9 square yards land on Mody Bay Port Trust Estate at a rent of Re. 1 per square yard per annum for first 20 years and Re. 1½ per square yard per annum for remaining 30 years. Read minute by Land Committee approving of lease being granted. Resolution.—Sanctioned.

Read letter from the Traffic Manager, dated 13th January, forwarding an application by Narayen Vasujee for a lease for 50 years of 465 2-9 square yards land on Elphinstone Estate at a rent of Re. 1 per square yard per annum for first 20 years and Re. 1½ per square yard per annum for remaining 30 years. Read minute by Land Committee approving of lease being granted. Resolution.—Sanctioned.

Read letter form the Port Officer, dated 15th January, reporting that the barque Regent Murray was offered to enter Prince's Dock to discharge a London mixed cargo on 10th instant; providing that buoys, fenders, &c., for docking and undocking were supplied free to the ships, and that having regard to the experience to be gained he in anticipation of the Trustees, sanction accepted the offer. He recommends that the appliances named be provided free until 1st April next as an inducement to vessels to enter the dock. Resolution.—The recommendations

neither the sinecure which he is popularly supposed to enjoy nor any extravagant amount of spare time to devote to study. *A propos* of the numerous institutions with which regiments nowadays abound, involving the care and administration of money, we have often wondered why accounts and book-keeping are not included in the educational course of young officers. Many excellent and zealous officers have had to make good heavy sums of money lost through their inability to manage accounts, and some have even been driven to sell their commissions from the same cause.

On the whole we consider that the education of our officers is now carried far enough, provided it be properly conducted, to satisfy all legitimate demands. There was a time when an officer was considered efficient if he knew his drill, and accordingly eternal never-changing drill formed his sole occupation. Any daring spirit who wished to go beyond this was recommended by the great captain of the day to read and re-read the campaigns of Hannibal and Cæsar; in other words, there was no medium between mere goosestep and advanced tactics and strategy. But recent innovations have altered this; between these two extremes we have now what are known as minor tactics, and if the great majority of officers succeed in mastering them, they have done about as much as is either necessary or expedient. We do not require an army the subordinate officers of which can quote Cæsar or Napoleon, but cannot recognise on a map the features of the country through which they are marching. We do not require officers who can learnedly discuss the formation of the celebrated French column at Wagram, but cannot tell what to do with their own company in any given moment of the emergencies so common in modern war; nor men who can describe the passage of the Douro, but are unable to post a line of sentries along the bank of a stream. Minor tactics are the essence of modern war, and if we possess a body of officers who have learned them, and can apply them on service, we shall be fortunate. The tendency of the present day is to aim at celebrity at the expense of real efficiency; and military education, if carried too far, will only serve to encourage this tendency. A little knowledge is not always a dangerous thing in these days.

GRATEFUL—COMFORTING.

EPPS'S COCOA.

(BREAKFAST.)

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may by gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well-fortified with pure blood and a properly nourished frame."—See article in the *Civil Service Gazette*.

WELL WORTHY OF NOTICE AS A CERTAIN CURE.

FOR Bilious and Liver Complaints, Indigestion, Wind, Spasms, Foul Breath, Nervous Depression, Irritability, Lassitude, Loss of Appetite, Dyspepsia, Heartburn, Sour Eructations, Lowness of Spirits with sensation of fullness at the pit of the Stomach, Giddiness, Dimness of the Eyes, &c.

DR. SCOTT'S BILIOUS & LIVER PILLS
STAND UNRIVALLED.

As a General Family Aperient Medicine they have no equal, being mild in their operation, and graceful to the Stomach, they give a healthy tone and vigour to the different secretions, causing the necessary organs of the Stomach and Liver to resume their activity, thus restoring the appetite, promoting digestion, and strengthening the whole system.

They can be taken at any time without restraint from business or pleasure, hence they are a most valuable domestic medicine. Heads of households should always have a box of these Pills by them, to resort to on any slight occasion of ailing on the part of those under their charge, as by paying attention to the regular action of the Stomach, Liver and Bowels, many a severe illness is avoided or mitigated. They will be found in slight cases by a single dose to restore health to the body, with a happy frame of mind.

Prepared only by W. Lambert, 15, Vere Street, London, W. England. In Bottles ONLY, 1s. 1½d. and 2s. 9d. Sold by all Chemists.

IMPORTANT CAUTION.—Be sure to ask for "Dr. Scott's Bilious and Liver Pills," in a green bottle, wrapped in green paper, and having the name and address,

DR. J. COLLIS BROWNE'S CHLORODYNE
IS THE ORIGINAL AND ONLY GENUINE.

Dr. J. COLLIS BROWNE (late Army Medical Staff discovered a remedy, to which he coined the word CHLORODYNE. Dr. BROWNE is the sole inventor, and it is therefore evident, that as he has never published the formula, anything else sold under the name CHLORODYNE must be a piracy.

Dr. J. COLLIS BROWNE'S CHLORODYNE.—All attempts at analysis have failed to discover its composition.

Dr. J. COLLIS BROWNE'S CHLORODYNE.—Vice-Chancellor Sir W. Page Wood stated publicly in Court that Dr. J. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE, that the whole story of the defendant was deliberately untrue, and he regretted to say it had been sworn to.—See the *Times*, July 13, 1864.

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions and stimulates healthy action of the secretions of the body without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvellous good effect and wonderful cures, while medical men extol its virtues most extensively, using it in great quantities in the following diseases:—Cholera, Dysentery, Diarrhœa, Colics, Coughs, Asthma, Rheumatism, Neuralgia, Whooping Cough, Cramp, Hysteria, &c.

EXTRACTS FROM MEDICAL OPINIONS.

The Right Hon. Earl Russell communicated to the College of Physicians, and J. T. Davenport, that he had received information to the effect that the only remedy of any service in Cholera was CHLORODYNE.—See *Lancet*, Dec. 31, 1864.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay:—"CHLORODYNE is almost valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health, after 18 months' severe suffering, and when other remedies had failed."

Dr. Lowe, Medical Missionary in India, reports (Dec. 1865,) that in nearly every case F. Cholera in which Dr. J. COLLIS BROWNE'S CHLORODYNE was administered, the patient recovered.

Extract from *Medical Times*, Jan. 12, 1866.—"CHLORODYNE is prescribed by scores of orthodox medical practitioners. Of course it would not thus be singularly popular did it not supply a want and fill a place."

Extract from the General Board of Health, London, as to its efficacy in Cholera.—"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

Overwhelming medical testimony accompanies each bottle.

IMPORTANT CAUTION.—The immense sale of this remedy has given rise to many unscrupulous imitations.

N.B.—Every bottle of genuine CHLORODYNE bears on the Government stamp the name of the inventor.

PAINS IN THE BACK, GRAVEL, LUMBAGO, RHEUMATISM, GOUT, DISEASES OF THE KIDNEYS AND BLADDER, &c.

DR. DE ROOS' COMPOUND RENAL PILLS

ARE celebrated all over the world as the most safe and speedy remedy for the above dangerous complaints. Discharges of any kind, Stone in the Bladder, and Diseases of the Kidneys and Urinary Organs generally. Possessing tonic properties, they agree with the most delicate stomach, strengthen the digestive organs, increase the appetite, improve the general health, and in three days will effect a cure when copaiba, cubebs, and all dangerous medicines of that class have utterly failed. In 1d., 2s. 9d., 4s. 6d., 11s., and 33s. per box.

These celebrated Pills are infallible remedy in the most obstinate cases. By their use alone, many thousands are annually restored to health, and the agonies of gout and rheumatism may now be considered a voluntary affliction, as no one need suffer those excruciating torments if they will only have recourse to these Pills, which are confidently recommended by the proprietor as the only real specific; whilst for weakness across the loins, sandy or other deposits in the water, and in all cases of renal or urinary disturbance, they are indeed unrivalled. They correct acidity of the stomach, promote the functions of the liver and kidneys, thereby preventing stone in the bladder, &c. Many complaints long supposed to be nervous, often arise solely from contamination of the blood with certain impurities which should have been carried off by the kidneys. Thousands of testimonials from grateful patients attest their marvellous efficacy. In boxes, 1s. 1½d., 2s. 9d., 4s. 6d., 11s. & 33s.

THE MOST WONDERFUL PILLS IN THE WORLD.
DR. DE ROOS'
PILULÆ VITÆ, OR VEGETABLE LIFE PILLS.

ALL sufferers from general nervousness, and morbid feelings, low spirits, loss of memory, sleeplessness, harassing dreams, unnecessary fears, mental irritability, failure of the mental and bodily powers, weakness of the nerves, headache, noises in the head, giddiness, indigestion, and other symptoms of chronic disease, will hail with joy the discovery of Dr. De Roos' Life Pills, which speedily and almost magically remove pain and disease of whatever nature, restore cheerfulness to the spirits, vigour to the body, and strengthen all the organs on which health and life depend, they do not contain a particle of mercury, but are purely vegetable; and for all affections of the liver, flatulency, bile, sick headache, dizziness, loss of appetite, lowness of spirits, sensations of fulness at the pit of the stomach, pain between the shoulders, and the distress arising from indigestion and general debility they will be found of unexampled efficacy; and it is no small advantage that they can be taken at any time without danger from wet or cold, or necessity for restraint from business or pleasure. They act mildly on the bowels, without pain or griping, impart strength to the stomach, promote a healthy action of the liver, thus preventing, or when present, curing the jaundice and dropsy, clearing the skins, removing sallowness and pimples, purifying the blood, bracing the nerves, and marvellously invigorating the whole system. Females of all ages will find them invaluable, and should never be without them. Price 1s, 1½d, 2s. 9d., 4s, 6d., 11s, and 33s, per box.

THE MOST ASTOUNDING CURES *are daily being effected in cases of Nervousness, General Debility, Impurity of the Blood, Defective Circulation, Languor, Lassitude, Depression of Spirits, Indigestion, Pain and Palpitation in the Side, Harassing Dreams, &c., &c., by*

DR. DE ROOS'
WORLD-FAMED GUTTÆ VITÆ, OR VEGETABLE LIFE DROPS,

whose effects are really magical in restoring lost tone to the system (arising from whatever cause), re-invigorating and enlivening the whole corporeal frame, and gradually, but effectively, building up the most shattered constitution.

Although this truly wonderful recuperative tonic is not put forward as imparting immortality, it is not too much to say that by its means new life is, as it were, imparted to the nerves and debilitated, who were evidently sinking into an early grave; whilst to those of maturer years it will gently and serenely protract the close of life. Thousands of apparently hopeless cases given up by the faculty, are now in the enjoyment of health (life's greatest blessing), a living testimony to the unspeakable value of this remarkable medicine. Hundreds of testimonials too numerous to publish, may be seen by any one. This preparation is extremely pleasant to take and none need suffer while such a miraculous medicament is in existence. Persons of studious habits, debilitated females and those on whom the wear and tear of life is beginning to tell, should persevere steadily with this life-reviving tonic for one month, and they will be astonished at the results. All those who have tried other means, galvanic and electric appliances, &c., without any beneficial result, are earnestly recommended to make fair trial of this medicine, which, being concocted on the highest scientific principles, invariably gives the utmost satisfaction. Price 11s. and 33s. per bottle. Every package of Dr. De Roos' Preparations has the words "WALTER DE ROOS, LONDON," printed in white letters on the British Government stamp by order of Her Majesty's Hon. Commissioners. Sold by Messrs TREACHER & Co., Limited, Bombay, and all the principal Merchants in India.
